Hinges, Latches, Paints, Varnishes etc.

Houses for rent and sale.

A. H. Bastin & Son

Chautauqua begins today.

Attend every session of Chautauqua
or you miss something good.

Leut. Gov. McDermott will be billed to
speak here Monday, July 26th.

How often have you looked at the
town clock since it stopped running.

If you want a house, let us build and
turn the key over to you.

A. H. Bastin & Son.

Lancaster Commercial Club is com-
posed of the finest bunch of boosters
that ever boosted a boost. Are you
one of them?

Rev. Dillard Sebastian of Teatersville
will preach at Mt. Hebron Sunday
morning at 11 o'clock. Everybody is
invited to come.

The new battleship Arizona was suc-
cessfully launched at the Brooklyn navy
yard last Saturday. The Arizona shares
with her sister ship, the Pennsyl-
vania, the honor of being the world's
largest battleship.

The Elizabethtown News ask the fol-
lowing pertinent question. "As Judge
O'Rear pledged his support to Col.
Morrow for Governor on the County
Unit plank, what chance is there to get
any Republican to vote the Democratic
ticket if it nominates a prohibition can-
didate?"

William Jennings Bryan, addressing
a labor peace meeting at Carnegie Hall
in New York, attacked former Presi-
dents Roosevelt and Taft as leading
sponsors of organizations which stood
for the use of force in international af-
fairs and which, the former Secretary
of State declared, were inimical to the
true interests of this country and to
the cause of international peace.

FOR SALE.

House and lot, just been built a year
and is in good location. Lot is 66x375
feet. Will sell at a bargain if sold
within the next 30 days. Apply at this
office.

GRANDPA HAPPY.

Mr. and Mrs. Forest Fitzgerald are
receiving congratulations over the ar-
rival of a beautiful little girl baby Sat-
urday night. Grandpa Wilkerson also
is wearing a broad smile.

ENJOYABLE DANCE.

A number of local young people
went to Lancaster Wednesday evening
to attend the annual June dance. All
report a most enjoyable time and
speak in highest terms of the hospi-
tality of the Lancaster boys.—Danville
Messenger.

ICE CREAM SUPPER.

There will be an ice cream supper at
the Hubbell Christian church Saturday
night. The ladies of this vicinity know
how to make and serve ice cream and
also how to make the young people
have a good time and we bespeak for
them a big crowd.

NEW MANAGER.

The Lancaster Bottling Works has
employed Mr. W. L. Herndon and he
assumed the management of the plant
last Monday. Mr. Haselden has made
a wise selection in Mr. Herndon and we
feel sure that his services will prove
profitable to this enterprising firm.

CHAUTAUQUA WEEK.

You are cordially invited to make
this store headquarters during Chautau-
qua Week, and see our famous
Aders Collegian line of genuine Palm
Beach Suits. \$12.50 suits for \$7.50,
\$10, suits for \$6, while they last.

Everything up-to-date in Gents
furnishings.

Logan, Anderson & Tomlinson.

BIG CELEBRATION.

On Monday, July 5th, judging from
the preparations being made, Paint
Lick will spread herself in the way of
celebrating on that day. When the
good people of Paint Lick attempt any-
thing it is usually done "according to
Hayle" and those who are fortunate
enough to get to that enterprising little
town on that day will be royally enter-
tained.

BIG CATTLE SALE.

The cattle market in Garrard county
was considerably enlivened this week
by one deal alone that involves nearly
\$12,000. Messrs Tom and David Ran-
kin, one of the largest and most exten-
sive cattle feeders in this county, sold
to Mr. Monte Fox one hundred and ten
head of cattle that will weigh 1300
each, for \$8.35 the hundred pounds.
The delivery to be made the first ten
days in July.

FEW DAYS MORE.

Nominating petitions for all candi-
dates for state or district offices must
be filed with the Secretary of State at
least forty days previous to date of
Primary, and for all county offices
thirty days previous to be filed with
the county clerk. Saturday August 7th
is the date of the election and the last
day for filing nominating papers for
state or district offices will be June 28th
and for county offices the last day will
be July 8th.

A LIVE WIRE.

Mr. Robert Dunn, an enthusiastic
booster for Center College, who has been
engaged to canvass the state for new
students, is now in our city and is in-
teresting some of our local talent, who
will probably enlist in the Freshman
class there next year. Robert is a live
wire and will doubtless do his part to-
ward reaching the "one hundred Fresh-
man" mark for next session.

REPAIRS ON COURT HOUSE.

The repairs on the Court House
began in earnest Monday morning.
Chairs, benches, desks, etc., were
moved out. The bell that has often
disturbed peaceful slumbers as it rang
out the fire alarm, as well as calling
citizens to a court of justice, was placed
in the park with a placard stating any
one would be fined ringing it unless in
case of fire. The "Elmore boys,"
Harry, J. E., and Tom are fast tear-
ing down the old cupola, proving that
they are not only industrious but dar-
ing. \$15,000 will be spent for repairs.

A RAINY HARVEST.

The indications are that the wheat
harvest of 1915 will be more or less
interfered with, and interrupted, by
rain. There will be damage in the
shock and in the stack. But the har-
vest will proceed between showers
and as June showers usually are local
and occasional the crop will not be
materially reduced in quantity or in
quality. The acreage is large and the
crop has looked excellent. There will
be a heavy yield and, at anything above
\$1, a handsome profit for Kentucky
growers.

CHAUTAUQUA HERE.

Last summer for the first time the
Chautauqua idea had a demonstration
in Lancaster. The tent was pitched,
the music played, the speakers arrived
one after another, the tickets were sold
and a happy throng gathered day after
day and night after night for entertain-
ment and profit.

A good many people did not find out
what a good thing the Chautauqua was
until it was nearly over. This year
everybody will get ready beforehand
and enjoy the Chautauqua from the
first session until the last.

THE FORCE OF HABIT.

Few realized how often they referred
to the town clock for the time of day
until its hands were torn from its face.
Quite a few amused themselves by
watching persons going around the
square glancing up at the clock, not
only once but several times. The new
cupola may be handsomer and more
in keeping with out progressive-
ness, yet it makes one feel sad as they
think how often it has summoned our
fathers and grandfathers to business
and pleasure, how often it has marked
the departing day with its joys and
sorrows, yet like all material things it
must make way for the new.

EXPORTS OF HORSES.

The extent to which the warring
nations of Europe are buying horses
from the United States is indicated in
some figures just made public by the
Federal Department of Commerce.
During last April horses to the value
of \$7,088,811 were exported from this
country. In the same period mules
to the value of \$2,534,744 were ex-
ported. The total value of horses ex-
ported during the ten months ended
April 30th, 1915, was \$47,783,845; of
mules, \$7,478,140. All these animals,
of course, were not purchased for war
purposes, but unquestionably the great
majority of them were.

A MONEY MAKER.

The municipally-owned electric light
plant at Harrodsburg is a money maker
for the city, besides furnishing the
citizens of that progressive little city
electric current at a remarkably low
rate, judging by what the Harrodsburg
Leader says about it in its current is-
sue. On this point the Leader says:
"The plant furnished 24-horse service
and sells its 'juice' at seven cents per
'wat'. The report of John H. Grimes,
of their municipal lighting plant, for the
month of May was a good one, being
over \$950, and if the receipts keep up
Harrodsburg will get a nice dividend
from now on". The price per "wat"
in Danville is 12 cents or nearly double
the amount paid in Harrodsburg.

DEMOCRAT EXPLAINS.

Editor Record:-
I am a teetotaler, as to the use of in-
toxicants, and worked for Local option
and County Unit. I am opposed to the
submission of State-wide Prohibition
until my party declares for it. The
present platform declares for County
Unit, and I stand on that platform.
We should not inject new issues before
the party declares. There are breakers
ahead.

Beside this, the Supreme Court says
we cannot stop shipments of liquor for
personal use, and we know the effects
of it here. So State-Wide would not
in any way improve conditions here.
Put your foot on the snake's head by
getting Congress to stop the manufac-
ture in the Nation. As long as our con-
dition is not improved let us have the
revenue.

MANY TICKETS SOLD FOR REDPATH CHAUTAUQUA.

While many season tickets have been
sold for the approaching Redpath
Chautauqua, yet when The Record
printed the complete program many
citizens who had not secured them
made haste to buy. There is no dispo-
tizing the assertion that this year's Chau-
tauqua will far surpass those held here-
tofore. The attractions coming to Lan-
caster are the very best before the
American public. Buy your season
ticket today and be on hand for every
meeting.

"MADE IN U. S. A." IS THEIR SLOGAN.

Advertising men swarmed into
Chicago Saturday to attend the annual
convention of the Associated Advertis-
ing Clubs of the World. The conven-
tion will continue a week. It is ex-
pected that 10,000 delegates will be in
attendance.

"Made in the U. S. A." is the slogan
the convention is going to attempt to
put into the mouths of every manu-
facturer and every consumer in the
country. President Woodhead said:
"The word 'imported' is not going
to mean so much to our people in the
future," he said. "Untold millions of
dollars' worth of goods have been im-
ported into the United States that can
and hereafter will be manufactured in
this country."

President Woodhead predicted that
a great rush of business would sweep
the country as a result of a readjust-
ment of business conditions, caused
by the European war.

MISS McADOO BACK

FROM EUROPE.

Miss Nona McAdoo, daughter of
William G. McAdoo, the Secretary of
Treasury, returned to New York from
France, where she had been nursing
wounded soldiers for the last four
months. Her chum, Miss Katherine
Britton, of Washington, returned home
with her.

Miss McAdoo was met at quarantine
by her father, upon whose request she
returned to America. This request
was prompted, she said, by her father's
belief that she would be unable to
stand the continued strain of a long
period of nursing.

Miss McAdoo did not give up nursing
as has been published, because she had
been ordered to scrub floors and do
other menial work at the hospital.

"That is false and absurd," she said:
"The nurses are kept busy nursing and
there is plenty of help to do the other
work. There seemed to be plenty of
nurses and plenty of medical supplies
and equipment."

YOUNG MAN LOSES LIFE IN RIVER AT STEPHENSPORT.

Rowland Hopper, 17 years old, was
drowned at 3:30 o'clock this afternoon
while bathing in the Ohio river at
Stephensport. The youth was in com-
pany with a friend and it is supposed
that he was taken with cramps. The
body was recovered a little later and
will be taken to Wilmore for burial.
He is survived by his parents, three
sisters and two brothers. The dead
boy had been assisting as a musician
in a revival that has been in progress
at Stephensport for the last three
weeks.—Sunday Courier Journal.

Young Mr. Hopper was a brother of
Mr. Will S. Hopper of the Garrard
Bank & Trust Co. Mr. Hopper left at
once for Wilmore where his brother
was buried. Much sympathy is ex-
tended Mr. Hopper in the tragic death of a
beloved brother.

STANLEY HAS BIG DAYS AT COVINGTON AND RICHMOND.

The sentiment in favor of nominating
Hon. A. O. Stanley for Governor is
growing by leaps and bounds through-
out the State. Democrats everywhere
are being convinced that it is impossible
for the democratic ticket to be elected
upon a State-wide platform and recog-
nize in Stanley the most suitable can-
didate to lead the ticket upon the
County Unit platform. The crowd that
greeted him when he spoke at Coving-
ton last week was estimated at four
thousand and said to be the largest
demonstration on behalf of a democ-
ratic candidate for Governor held in that
city for many years.

The hall provided for the speaking
did not have sufficient capacity to seat
the crowd and the speaker was required
to deliver two addresses. It is claimed
by Stanley's supporters that he will
carry the 6th Congressional District by
a large majority.

The crowd was so large at Richmond
last County Court day that Stanley was
required to make two speeches and it
is estimated that over a thousand dem-
ocrats heard him. There is no doubt
but Madison County will be found in
the Stanley column by a good majority
on August 7th. Stanley's supporters
are now claiming that he will get more
votes in the primary than all of his
opponents combined.
